

"Mr. Donnino will not let you down! He met our expectations and then some. My son opened right up to him and was so attentive. He is great with children! He came highly recommended to me and I will refer him to all my friends and family. One of the best photo experiences EVER!"

- Jennifer Vilorio Greenacres

"From the moment Mr. Donnino greeted Aiden he made him feel very comfortable. He is a very funny man, and I LOVE how he made Aiden laugh. He even had Me laughing! I will definitely recommend your services to everyone that I know. Mr. Donnino has been blessed with a beautiful gift of photography and I thank him & his family so very much for doing such beautiful work. I will definitely be returning for family photos! Thank you."

- Daphney Milian West Palm Beach

"Mr. Donnino was extremely pleasant and made me and my daughter feel very comfortable during the photo shoot. The pictures came out beautifully and I was more than happy with my experience with him."

- Kathryn Heidisch Boca Raton

"As always the Donnino experience was wonderful and stress free. Our family pics turned out wonderful and we even added our dog to the mix. My girls get so excited to go see Mr. Frank and have their pictures taken. Thank you for all the memories you are creating for my family to cherish for years to come."

- Niki Luchini Royal Palm Beach

"If you are looking around for someone to take pictures of your family that will care as much about them as you do - then look no further. At least hear my story before you do. I took my then 2 month old son, Joshua, to one of the chain stores for his first professional pictures. I was very excited because of the advertisements I had seen. When we arrived we were rushed, the staff was not friendly, nothing was explained to us, and I didn't even get the pictures I wanted. I went home very disappointed. I vowed never to go back. Then one day I decide to give Mr. Donnino a chance. When we arrived it was almost time for my then 3.5 month old to take his nap and he was getting cranky. When we went back and started our session Joshua did really well for the first few pictures, then he had a total melt down! He was screaming and crying, he had had enough, the only thing he wanted to do was sleep. I was so upset because I knew we would have to reschedule and getting another appointment for Joshua's 3 month pictures was unlikely do to Mr. Donnino's already busy schedule. Mr. Donnino, being the caring man he is, told me to relax and try to get Joshua to calm down and he would be back in a few minutes. When he came back Joshua was asleep. To my surprise, Mr. Donnino said he would use a trick of his and give us 15 minutes for Joshua to sleep and we would try again. 15 minutes later we tried again and Joshua was all smiles. The session went so smoothly producing the cutest pictures I have ever seen. I was so

pleased I could have cried. This is the kind of treatment you will not get at a chain store! Not only is the staff friendly and truly caring but you will leave knowing that you have received the best quality pictures and care from people who care as much about them as you do. I promise you will leave the Donnino experience totally satisfied."

"Frank not only does exceptional work, but he also stands by it with a tremendous amount of generosity. I'd read something in his literature about how he replaces damaged portraits. Not thinking I'd ever need it, or maybe just thinking it applied to severe circumstances like hurricane or fire damage, I quickly forgot about it. About six months after we'd purchased a portrait, we hired a cleaning crew and they accidentally cleaned our glassless portrait! It had been sprayed with a cleaner and had subtle scratches on it. From an outsiders perspective, you could barely tell that it was damaged and I tried to convince myself that it was okay, but I knew it wasn't the perfect keepsake we'd ordered. I felt terrible that it had happened. The portrait was of our son at 3 months - a perfect snapshot of that time for us - and I knew I could never get that time back. I asked Frank to look at it just to see if it could be fixed. Not only did Frank replace the portrait no questions asked, but he told us his policy was a no fault policy and urged me to stop worrying about it. This wasn't a one-time generous gesture this is Frank's standard practice. I don't know of anyone, and definitely not any business, who would do the same for your priceless portraits. From the bottom of my heart, thank you."

"I just want to let you know what a wonderful experience it has been to spend the first year of my daughters life getting her photographed by you. I have to tell you I was very skeptical when I received your ad in the mail but I called just to confirm my feelings were accurate. But talking to you convinced me I had nothing to lose and I made an appointment. I enrolled in your Baby's First Year plan and have had breathtaking photos taken at 3, 6, 9 and 12 months. I purchased the "Kissables Collection" at 3 months and every time I pass by it on my wall I am so grateful to you. It is a timeless piece I will treasure forever. I really can go on and on about the wonderful way you know who I am when I call you and how I never felt rushed when I am in your studio and how you truly want me to be satisfied. The photographs you took of my children are worth more to me than you can imagine. When we get old, we have our memories and photographs help those memories. Your family has given me a gift for life and I want to thank you. You will be seeing me again. I plan on taking photographs with you again this time with me and my children. Your work is beautiful and so is your family."

- Tina McCline West Palm Beach

"Wow! You did it again. I have beautiful family portraits of Victor, Alyssa, and me all over our home, but I don't have any with Ana Sofia, only my pregnancy photos. This is a marked treasure for life. It's funny how I create conversations of Victor in my head, and I make daily decisions based on what I think he would have said and done. When I first

looked at this photo, I thought, "Victor would have wanted this photo enlarged up the size of our bedroom wall." Frank, if it was up to Victor, he would have bought every family photo. Photos, videos, and memories keep him close to me and my family. I love looking at all of our photo albums and reminisce about all the great times we shared. At the end of the day when the girls are sleeping and I am alone, the beautiful memories we created together and the presence of our two daughter's is what keeps me going. I miss him so much. Words alone will never describe his absence and the emptiness we all share. It's like being on a non-stop roller coaster ride...moments of happiness compelled with emotions of deep sorrow. Many would want to get off...I wouldn't have it any other way. I was fortunate to have loved such a loving and caring man. I am blessed to have all these treasurable memories of us. This new photo image has truly captured Victor's most popular saying,"Me and my girls."

- Ana Gonzalez Lake Worth (Note to reader - Ana's husband Victor passed away suddenly and he always loved our work. All she has is our portraits of Victor to remember him by.)

"Just wanted to thank you for taking the time to take the wonderful pictures of Dominic...from what I saw I can see he is going to look gorgeous! I don't know if I ever shared with you that he is my miracle baby... After many many miscarriages we had decided that God's plan was for us to become a family through adoption (the most amazing and rewarding experience of our lives), so he blessed us with our beautiful daughter from Russia..... we brought her home when she was 8 months old, she is now almost 4 years old. We were actually starting to do the process to adopt a son from Bulgaria when we had the surprise of being pregnant. At first we thought the worse as all the other times before ...but God had other plans. I had a very high risk pregnancy with Dominic and even though the doctors were almost positive I would have a premature baby...again God had other plans. Our son Dominic was born OVER due and at a whooping 8 pounds 9 oz. As you can see that is why I call him our miracle baby. And now our family is complete, we have been blessed with two beautiful children! So I just wanted to thank you for documenting his first year of his life in such a special way. I wish I would have been able to do the same for Madison. I look forward to seeing these pictures. We are planning to come in December and have our family portrait taken, I know that you will capture us in a special way for us to cherish all the way till we are old and gray."

- Wende Rosado West Palm Beach

"I can't stress enough about how wonderful you are. I can't believe I'm looking at such a beautiful picture of my baby boy. He's famous! You truly are a wonderful person, and an amazing photographer. Thank you for all you do, and for just being you. I'll never trust another photographer to take my son's pictures again. You're truly amazing. We need more people like you in the photography business. You are truly gifted at what you do, and it's obvious that you enjoy it. You have amazing talent. I look forward to bringing my son and my family to you for more portraits throughout the years. I feel very repetitive in this e-mail, so I'll end this by saying they don't have words for the wonderful job you do."

I know this may sound stupid, but thank you for remembering my son and my name. Also, please thank your son again for me for all the help he gave me today. When I saw my pictures, they truly made me want to cry. I couldn't decide on any of the pictures because they all looked so wonderful. If it wasn't for him, I'd still be there looking through the pictures, trying to pick my favorites. Thank you again for your wonderfulness, and for taking the time to care. Your website is awesome. I wish you had been the one to take my son's newborn pictures - I know you would have done your magic and made me cry. I can't wait for my next session. I know this year I'll not only be thankful for my beautiful son, but for the wonderful photographer I was blessed to find, and the beautiful pictures I know I'm going to cherish. I thank God and the postal service for sending me your flyer. Thank you again for being so caring, wonderful, - basically just for being you. Okay, I'm really done singing your praises now, I promise!

- Sophia Chang-Hall West Palm Beach

"I was laying in bed last night not being able to sleep. The reason why is, I could not stop staring at the amazing pictures that you created of our children. We proudly have them hung in every room of the house. Two years have gone by since you took the pictures and I admire them every single day. I could not stop thinking how amazing you are at what you do. You are truly a blessing to your profession. After living in south Florida for nearly 15 years, now that we have moved away, you are the most missed. We have been in South Carolina for almost a year now and we have not even tried to find another photographer. Our plan is to actually try to make a special trip down there to see you one day and have you take some more pictures. If you ever plan on making a trip to the Charlotte, NC area, please let us know. I know this may sound strange, but there are a lot more kids around here. You could really have a lot of business. (Hint...Hint) Like you are not busy enough, right. My late night thought of you actually made me check out your website today. All I can say is WOW. It looks great!!! By far the best site of any type of business that I have ever been to. Please send my best to your family. I hope all is well."

- James Taylor Charlotte NC

"What a great experience! It is hard for me to put into words the wonderful experience we had with Frank and his family. We originally signed up for his First Year Baby Plan and at the time that was all I was able to do, since I was staying at home with my son. Each time we went in for our baby plan it was a wonderful experience, Donna and Tony are so nice and what a talent Frank is. Shortly after I picked up the wonderful panel that Frank had created for me (and yes it brought tears to my eyes) I had the opportunity to have more portraits made with him. When it came time to have the additional portraits made, I wasn't sure what to expect. I have been to the chain stores and I am usually there for at least an hour trying to get that perfect smile. We arrived at 9:00 sharp and we decided to take the portraits outside. Now we all know how extremely hot it is in Florida in August. Frank scoped out the perfect location. What amazing pictures, Frank always makes it so hard to choose. Even though my son was a little cranky (because it was nap time) the pictures turned out wonderful. Each time I had an appointment I

would tell everyone, "We are going to see Frank tomorrow, to have Lucas picture made." Everyone knew just who I was talking about. I felt so comfortable each time we showed up, because I knew that Frank would take his time and not rush me through because he had someone waiting."

- Dawn Pagan Boynton Beach

"Our daughters had a wonderful time dressing up and smiling for the camera. I believe Mr. Donnino did a fantastic job of bringing out their "innocence and beauty" while preserving the integrity of their youthful appearance. Too many times a photographer will try to glam up a 4 or 5 year old forcing them to look posed and unnatural. Mr. Donnino's portraits reflect a realness and authenticity that can't be faked. Most importantly, his art behind the lens truly reflects the image of our girls. When I forwarded the web proofs to their agency, I was told the pictures were exactly what they were looking for; and they had plenty of great shots to create their comp cards with. Five minutes later, I received another email asking if I wanted to sign them up exclusively with their agency. To me, that says something special was captured in Mr. Frank's photos! If you want a quality one-on-one experience for yourself or your child, look no further than Frank Donnino's studio."

- Tammy Fitzherbert Tequesta

"You and your wife were so nice on the phone. It was the perfect thing because I wasn't taking my little 7 week old baby out of the house at the time. My husband and I felt we could trust you since we've had bad experiences with photographers in the past. Our wedding photographer wasn't the best. But you are! We are 2 for 2 on modeling jobs. My baby is working hard and he's only 7 months old. We dreamed about it and now we're making it happen! How fun! Thanks for inspiring us to do this. Thanks for being caring and warning us to be careful with who we trust."

- Shannon and Ryan Havasi Delray Beach

"This was the first time experience for Chelsea. Mr. Donnino was very understanding and made her feel very relaxed. He never made her or myself feel uncomfortable. I would recommend him to anyone interesting in having pictures done. He provided everything he said with out making you feel pressured into buying anything."

- Arlene Ryytty Lantana

"I was very skeptical. We were treated like family and you can feel the warmth overflowing. He worked so amazingly with both of my girls. They were so comfortable and relaxed with him I was in awe. He has a wonderful personality that is both professional, and kid friendly. They took to him and I was amazed. I am so glad that we went and did the photo shoot. He truly captured my girls personality raw and uncut. When I look at the results I am amazed at how beautiful and perfect they came out. The finished product is absolutely priceless. Thank you Mr. Donnino welcoming us. We will

be back. I will recommend everyone I know to him so they can also experience the joy of Mr. Donnino's work."

- Deana Courtney Wellington

"Mr. Donnino is someone who you can tell truly loves what he does. He made me and my family feel so comfortable throughout the shoot, and got us involved with our daughters pictures. She was smiling and laughing the whole time! I'm so thankful that you were able to capture our darling baby girl in such beautiful photos that will last a lifetime! I have never met anyone who truly enjoys photographing children so much and has an impeccable talent for it! I'm extremely happy with all the portraits and she looks beautiful! He made both me and my family very comfortable and we were all a part of the photo shoot. I can honestly say that my daughter Lily had fun taking the pictures, and never cried once. Thank you so much for capturing our darling baby girl in photos that will last a lifetime!"

- Diane Macias Plantation

"Mr. Frank, thank you for everything! You made the photo session so enjoyable! My daughter is at the stage where her attention is diverted easily but you kept her interested for an hour! Thank you for your patience and creativity! I love the photos & can't wait to come back in a few months for Hunter's next stage. Thanks again!"

- Heidi Schalk Lake Worth

"Well what can I say other than your an outstanding perfectionist! Thank you so much for many years of your work with my children, It was very nice to see you..And so glad to hear your family is doing GREAT, I remember the first time I came to you at the Boynton location and you made us all feel so at home and welcomed. That's when I knew you take your work to heart! Wow how the time goes.. and thanks to you Frank and your dedicated work you have made such GREAT memories that will be cherished for a lifetime!! Thank you Frank and your family for being part of our family. God Bless and looking forward to more memories soon."

- Andrea McCauley Boynton Beach

"I think Mr. Donnino did an outstanding job with my son. He made it very pleasant even though mommy was a little nervous. I have already recommended Mr. Donnino to all my family members with children and they are already looking forward to meeting him. I can't tell you what a good time we had and can't wait to go again. Thank you so much Mr. Frank you really do have a gift and I am really glad you shared it with my family."

- Rachel Thompson Boynton Beach

"Everything was so amazing I don't know where to start. I've been to different places with my daughter for photo shoots and we never felt so happy and comfortable the way

we were when we got to your place. Even after we got home we were still talking about the way you put a smile on my princess face. The staff was very helpful and nice to us. Overall the experience was great and I love the pictures. These are the best pictures she ever took. Thanks!"

- Rose Prince Delray Beach

"Devyn was picked to model in 3 different outfits for the Next catalog that will come out in December. She did a great job on all 3 shoots. (one was swimsuit). Hunter was also picked to be in the catalog. He did great, as well, in his pajama scene....lol. It will be on-line in December. I will let you know. We are heading to Miami for a casting and two next week. Wish us luck. I need to write something up for you about my kids getting into modeling with your photos! Thanks again!"

- Christy Gilman Boynton Beach

"Best Photo Experience ever.. Mr. Donnino is a pro and he knows exactly what to do to bring out the best pictures!"

- Diana Morillo Pompano

"I THINK MR. DONNINO DID A GREAT JOB! HE REALLY CAPTURED MY SON LIKE NO OTHER PHOTOGRAPHER HAS DONE. ESPECIALLY THE WAY HE WAS ABLE TO BRING OUT HIS EYES, WHICH NO OTHER PHOTOGRAPHER SO FAR HAS DONE! I LOVED THEM ALL AND IT WAS VERY HARD TO CHOOSE, WHICH I TRULY LOVED THE BEST! IN THIS TYPE OF BUSINESS IT IS VERY HARD TO FIND SOMEONE WHO YOU CAN TRUST, AND MR. DONNINO HAS PROVEN HIMSELF TO ME."

- Ivy Cantella Parkland

"Me and my family are in LOVE with the pictures. My daughter Laylah looks beautiful. At first I was a little iffy about the whole thing. I didn't know exactly what I was getting myself into. When I met Mr. Donnino I bombarded him with questions, I just had to get it straight. Frank kindly explained everything I was signing up for and made me feel comfortable. I don't know if it was stage fright but my 7 months old was just not smiling like usual. I was beginning to stress, thinking to myself she always laughs and smiles with me and everyone else so whats going on? I was worried that we weren't going to get a nice smiling shot. My mom, my boyfriend and me were all trying to get Laylah's attention, calling her name, making funny faces and sounds, just looking like crazy people. Mr. Donnino told us to relax and let him try because obviously we weren't getting any response from her. He tried a few tricks to get her to smile and it worked! After I seen the pictures I was very happy to see the beautiful smiles. This was the first time I ever took Laylah to get pictures taken. I'm glad that we had a professional doing his best to capture her at her best. In the end we did exactly what was set out to do. We traded his professional photography skills for my daughters newly discovered talent.

The outcome was beautiful photographs and I can't be more happier. Thank You Mr. Donnino."

- Jessica Tittarelli West Palm Beach

"Dear Mr. Frank, (or as affectionately called by my 4 year old, Mr. Fluffy Head) We had a wonderful experience in your studio. My son was very comfortable interacting with Frank, and enjoyed his photo shoot very much. Frank made this experience really fun and very enjoyable for us both. I loved all of the photos, and had a REALLY hard time limiting my selection. I wish that I could get have gotten all of them!! Thank you again for such a nice experience."

- Amy Best West Palm Beach

"What an incredible experience it was to meet and work with Mr. Donnino. Chelsea really enjoyed her time in front of the camera (she didn't want it to be over!) and Mr. Donnino made it lots of fun for her while capturing absolutely beautiful pictures. I was brought to tears when I saw such gorgeous photographs of my daughter! Mr Donnino was so pleasant and professional, not to mention very patient, and he made Chelsea very comfortable for being in front of the camera for the first time. I will definitely return to Mr. Donnino in the future for family portraits and photographs of my children. Thank you for a fantastic experience."

- Jody Horowitz Weston

"All I can say is AMAZING! I found Frank through Facebook, Jack, my little one, was glued to my leg. Frank was so patient with him, and had many ideas as to what we should try. We were able to get some good shots of Jack. He really captured his personality that day. I am so thankful that we found you! Thanks again Frank!"

- Alicia Munger Delray Beach

"Amazing! It makes me want to go back again and again. We had laughs and I tried my best to keep a straight face. From my 2 year old niece to my 16 year old sister, Mr. Donnino was able to make us all smile. He took my sister last minute, and although it was last minute the beautiful pictures he delivered of her made us all amazed. I truly cannot wait to come back, and see what he will surprise us with next time."

- Laurie Denis Lake Worth

"You are awesome. You are indeed what other people said. Very professional and know how to handle kids. You made my grand daughters to get the best photos out of it. Thank you, Frank!"

- Melanie Burns West Palm Beach

"Mr. Donnino...thank you so much for this unforgettable experience! Preston had the best time with you. We felt extremely comfortable. We loved the fact that you made everything possible to get Preston "ready" for his shoot - from goofing around to playing his favorite music while shooting. You are truly an artist and we are extremely happy that we came to see you. We wish you the best and we will definitely be bringing Preston back to see you!"

- Triny Lewis West Palm Beach

"First we would like to thank you. It was an exciting day for us. Mr. Frank you are one of a kind and did wonders with the kids... all of us kids he he! The pictures speak for themselves! We look forward to the future."

- The Vassel Family Coconut Creek

"THIS WAS MY FIRST TIME WORKING WITH MR. DONNINO AND IT SURE WONT BE THE LAST. HE OPENED MY DAUGHTER UP IN SO MANY WAYS I DIDNT THINK WAS POSSIBLE. SHE NOT ONLY TOOK SOME OF THE BEST PHOTOS I HAVE EVER SEEN BUT SHE MET A GREAT FRIEND IN THE PROCESS. I WAS SO SHOCKED TO SEE WHAT A GREAT OUTCOME SHE HAD WITH THE PHOTOS. SHE ENJOYED DOING IT ALL. THERE WAS SO MANY GREAT ONES TO CHOOSE FROM IT MADE IT HARD FOR ME TO CHOOSE. NOT ONLY THAT... BUT I WAS NOT PRESSURED INTO BUYING ANYTHING NOR WAS I GIVING ANY FALSE INFO ON WHAT HE WAS OFFERING. I AM SO HAPPY I FOUND HIM AND GLAD HE'S NOW A GOOD FRIEND. THANKS FOR EVERYTHING FRANK."

- Dnesha Moore North Lauderdale

"Frank is truly a gifted artist. At first I was skeptic about the whole thing. I said to myself oh well its just going to be some guy with a big flashy camera. On top it all, I knew that my 18 month old daughter could act like a spoiled brat. Last February, we went to Sears to get her first professional picture taken. I was so embarrassed by my kid's tantrum, I had to reschedule (I was not the only one waiting to get pictures done). Then I met Frank and I was almost in tears when I saw how easy he interacted with her and exactly how beautiful she is on camera as she is in real life. Frank YOU ROCK!"

- Anne Cherubin Orlando

"It was such a pleasure meeting Mr. Donnino and watching how well he worked with Ethan. It was amazing how fun he made it for my child (and us) and we are definitely pleased with how EVERYTHING turned out! Ethan could not stopped giggling once Mr. Donnino got him started, and there is nothing better than seeing your child laughing, smiling and having the time of his life. There was a sense of sweetness and professionalism that flowed through the process. We really felt 100% comfortable and confident with Mr. Donnino's sense of style and art while working with Ethan. We will most definitely be returning customers and have already let our friends know about our

experience! Thank you, Mr. Frank Donnino and the Donnino family from the bottom of our hearts, for this most amazing experience!"

- Maria Rodriguez, Ian Mullarky and Ethan Mullarky

"Dear Skeptical Mom...I have been where you are and yes...I was skeptical about Mr. Donnino but let me tell you about my experience. It begins with us basically spending a lot of money at an outside modeling agency for photos and comp cards of our son. We were one of those confident set of parents who thought this will be our big break and these will be the best photos of our son we will ever see. Well truth is that for all the money we spent...I believe that some of the photos we have taken ourself have come out better. It's not that they were awful but I always thought that "professional modeling photographers" really know how to shoot their models and make the pictures look phenomenal. The truth is that isn't really how it happens. Our pictures came out ok...of course at that point I had no idea how much better the pictures could be. Then you are sat down and have the "comp cards" explained to you. If you are like me and my husband you are nervous and just wanting the best for your child. Then the ball drops...you can buy these comp cards that aren't the best for this much money (way more than you imagined and were ever told) or you can buy these for more or this top of the line for even more! You sit there in shock because you just paid for photos that you will find out in your near future aren't the best and now you have to pay again. We had no choice but to pick the least costly comp cards. So time goes by and really we haven't gotten anywhere with the whole process. Then I see a small ad on my Facebook page. I normally don't click on the ads on the side because a lot of them are spam or junk ads. But this was pretty intriguing to me because he was actually local and his website really caught my eye. So I figured what do I have to lose. I made an appointment which I couldn't attend due to work. My husband took my son and came home and told me about Frank Donnino. He said he was really funny and definitely kept our sons attention while taking the photos. This is where it really is important that you read on. I honestly have never seen pictures of my son that looked like this before. I was floored. Now I know that all children are gorgeous and I know we all believe our kids are sooo cute. But I have to say I was really blown away. These pictures of my son were incredible. He looked like a real model which is not how I felt 4 months before at the "modeling agency". The quality of these pictures and the techniques are so obvious at first sight. He is a business man but more important he is a world class photographer. His work is outstanding. I ended up buying the photos of my son. I am really happy that I did. I now have the photos and they are just as spectacular as I remember the first time I saw them. I see Frank's ad all the time on Facebook and hope that there are more "skeptical mom's" out there who click on his link and wait their turn. They will be so happy they did. Frank and his staff are worth the wait. The pictures are worth every single penny you pay. And once you complete your experience with Frank Donnino you won't be feeling the regret."

- Jodi Sirner Pompano Beach

"What a wonderful experience for myself and daughter. Frank did a brilliant job of getting the best images of my daughter. I was very skeptical at first when I read the ad but I am so glad that we took time to do it. These pictures will be treasured forever, providing a glimpse of what was and glimmer of the future. Thank you so much again Frank for your time,energy and expertise."

- Heide Warwick Wellington

"I had an amazing experience with my son Myles. I can tell he had fun and after seeing the work I was in total bliss. I had never seen my son photographed that way and it just warmed my heart. I screamed because I was excited and just amazed at how my son looked. He looked like a little GQ model! I got nothing but compliments on your work. I came home anxious to show my son. He loved them too and all he kept saying was ..."Thas Myles". I will never forget this experience! I wish I had known about you when I was pregnant. OHHH I would have died looking at these photos. Yes - I am cheesy but I would've died smiling! Many Blessings to you and your family for what you bring to other families! Just pure joy! Thank you!"

- Iris Perez Rivera Beach

"If you are thinking of getting a portfolio for your child, Mr. Donnino is the man for the job. I found his web site searching the Internet. He kept his promise. I traveled from Anderson, SC to Boynton Beach, FL to have my four year old daughter photographed by Mr. Donnino. Believe me when I say that it is worth every mile we traveled! When we first met Mr. Donnino, I saw right away that he loves children. My daughter fell in love with him. I now know why he is a well sought after photographer and lecturer. He brings out your child's personality and it shows in their photos. Its hard to describe. My daughter and I will always remember this experience and I know that in the future we will be going back to Boynton Beach, Florida. I can't wait to get our pictures so that I can show them to everyone."

- Angela McLeskey Anderson, South Carolina

"Kayla is a very vivacious 10 year old with a zest for life and a deep love for animals. She always looks for and finds the best in everyone and every situation. She is always there, rooting for the underdog, whether it is an animal fighting for life on Animal Planet or a classmate, who is being treated unfairly by fellow students. She is drawn to those that no one else seems to want or care about. From a very early age, Kayla has loved the spot light. At age six, she learned to sing Jingle Bells in Spanish. She asked if she could get up on stage and sing at a company holiday party, with over 500 people in attendance. Kayla's love for the camera is second only to the love for her horse - named Secret. When most little girls were playing with dolls and watching cartoons, she was practicing her smile and poses her bedroom mirror. She is always "Putting on Shows" and strutting though the house, perfecting her walk. She has an eye for fashion and "inspects" the family for proper dress before we are permitted to leave the house. Like she says, "You never know who may be watching you." Kayla loves to model and as

she put it, I would love to model for Mr. Frank every day. He just makes it so easy and so much fun! He doesn't make you feel like you're not doing something right". Its easy to be a great model, if you have a photographer with a great eye. Kayla was one of the lucky ones. She found Frank Donnino."

- Melissa OBrian-Pedersen West Palm Beach

"Having my sons pictures taken by Frank Donnino was an awesome experience. He made us feel at home. The photo shoot went great, Frank has a true gift for photography. I will never be able to thank him enough for capturing how precious my boys are. Seeing the pictures for the first time brought tears to my eyes and words can not express how amazing they are. I will recommend Mr. Donnino to anyone and everyone who wants quality photography. Thank you so much Donnino Galleria!

- Barbara Parman Ft. Lauderdale

"It is a rarity indeed, to witness the coming together of individual souls for the shared purpose of giving animation to an exquisite common goal. The Donnino family has exhibited the professionalism and artistry that if exemplified, would surely result in an avalanche of dreams fulfilled. It has been a privilege."

- Samantha Brown West Palm Beach

OMG!!! I couldn't have had a better experience. Frank is a wonderful person and an excellent photographer. He made my son feel completely at ease within a few minutes (and after bopping Frank a few times on the head!...no really!) The pictures came out beautiful and I would definitely recommend him to anyone."
